Sir;

May I request the kindness of your honour for the following-

A job having to do with your service and, if possible, an interview with a member of your service 

25X1

I have already made a request to your service the twelfth of June 1959 to which I am without reply.

I introduce myself;  five feet nine inches - 145 pounds - nice looking - high school degree - not talkative - observant - exempt from military service after having performed it.

25X1

I solicit an interview with a member of your service to make certain revelations which will render you service.

I beseech you, Sir, with the honour that I owe you, to accept my thanks, and the sincere expression of my most devout sentiments.
